BIG LOCAL TEAMS EVENLY MATCHED.

Saturday's Games Furnished a Good Line on Washington and C. B. C.

ROLLA COMING TO ST. LOUIS.

Miners to Be Entertained by St Louis University Next Saturday-News and Gossip of Local Gridiron.

Washington University's defeat at Rolla Saturday leaves the local football situation unchanged, so far as the championship fight between C. B. C. and Washington is con

C. B. C. met Rolla early in the season and went down to defeat before the miners by a score of 6 to 0. Washington tackles the miners and the conquerors of the Cote Brilliante lads win again, this time by a

Washington's admirers figure that the Rolla team that beat the 'varsity team Saturday is a faster eleven than the aggregation that beat C. B. C. early in the eason by a score of 6 to 0. They argue that Rolla, since playing C. B. C., has been steadily drilled since then and has played several games against strong teams like the Missouri Tigers, which helped to strengthen the team for the game with

Whether the Rolla team that beat Washington is a fuster team than the Rolla eleven that beat C. B. C. will be demonstrated to a certain extent next Saturday, the miners come here to play St. University, a team that was beaten by C. B. C. last Saturday by a score of

Washington's football men failed to show up for practice yesterday and the Manual boys, who turned out strong, had the whole field at Handlan's Park to themselves. Washington's men will probably start in training again this afternoon for their games with the Missourt Osteopaths and Warrensburg State Normal teams. They go to Kirksville next Saturday to play the Osteopaths, and then stop off at Warrensburg on their way home to play the State Normal eleven.

"The first half lasted thirty minutes. This was entirely too long for our team, especially in view of the weight handleap we were up against. It also prolonged the game to such an extent that the last half was played in darkness. The city lamps on Grand avenue were lit when we left our dressing-room for the last half of the game. My boys tell me that they were utterly unsable to see or keep any track of the ball at critical stages. Of course, the other fellows had to play under the same disadvantage, but they pulled off several plays in the dark that would never have gone through otherwise. We should have never consented to play over twenty-minute halves.

halves.
"C. B. C. has a good, fast team, but they "C. B. C. has a good, fast team, but they have a lot to learn yet. For instance, their interference against us was very poor, in my estimation, at least. They tackle entirely too high. As an example, take Mc-Lean's play when he ran ten yards with a big collegian on his back. He had been tackled high: in fact, the other fellow jumped on his back while trying to get a strangle hold. McLean never paid any attention to the fact that he had a C. B. C. man on his back but went along about man on his back, but went along about his business until finally surrounded by the

COACH VAN VLECK TALKS.

Explains the Smith-Western Dis-agreement at Alton Saturday. Coach Van Vicck of the Smith Academy sleven says the outcome of the Smith-High game on Thanksgiving Day is going to surprise a whole lot of know-tr-alls

"I know the prevailing impression is that High is going to wipe up the gridiron with my team," said Mr. Van Vieck yesterday, "but we may fool these wise prophets. High, I understand, has a heavier team than Smith, but what we lack in weight may be overcome in other ways. Smith had a big team last year, but most of the big boys graduated last spring. This handicapped us greatly this fail, but we have the consolution of knowing that the 1900 team is composed principally of three and four year boys. This means that they are going to be with us for several years to come. With age comes weight and experience, which augurs well for Smith's future on the football field.

"St. Louis University's 1900 eleven, which High is going to wipe up the gridiron with

come. With age comes weight and experience, which augurs well for Smith's future on the football field.

"St. Louis University's 1990 eleven, which is the fastest football team the institution has had in many years, is a sample of what time and training will do in the development of a football eleven. This same team, when first taken charge of by Coach Delaney, two years ago, was composed of a lot of feather-weight green boys. Now they have weight and experience and none of the scholastic teams have any license to win from them."

Regarding the Smith-Western disagreement at Alton, Mr. Van Vleck said:

"Western gave us about all we wanted in the first half, but they played themselves completely out, and we probably would have beaten them had the game gone on. Their two crack backs, Scullin and England, played the mischief with us while they were fresh and strong, but all the Western eleven showed the effects of their hard work in the first half, while my team, which had reserved some of its strength for the finish, was coming strong at the end. Western's claim that Ginser made his touch-down after the whistle was blown is denied by the timekeeper, who is a member of the Smith Academy faculty. Western put in one of their men to act as linesman, which accounts for Smith having one of her own men as timekeeper. Several spectators on the side lines had whistles. The noise from one of them must have deceived the Western boys."

HIGH SCHOOL AT LIGHT WORK.

Too Many Players on the Injured Though High School was scheduled to practice with the Christian Brothers' College football players yesterday, the arrangement was canceled owing to the unusual number of Grand Avenue boys who are either out of the game or unfit for hard

ach Bernero gave his lads plenty of sig-

Coach Bernero gave his lads plenty of signal work and practice on new formations, without lining them up against the scrubs, as has been his habit for some time; in fact, so long a time, that most of the members of that eleven are enjoying the afternoons at home and wondering what ever possessed them to think that football was all fun and no work.

The red-jerseyed youngsters say that they played the game of their lives against the East St. Louis High School Alumni eleven on Saturday last. The struggle was not a desperate one, by any means, but the trouble lay in trying to locate the goals. One of the latter was composed of the regulation uprights with a wire across instead of a bar. The other one was formed by

Hoolan, right end; Schriener, right tackle; LeCron, right guard; Sutherland, center; Heuman, left guard; Schmalhorst, left tackle; Cale, left end; Cantiin, quarter back; Bailey, left half back; Baker, right half; Pim, full back.

HARVARD BEWAILS HER LUCK.

in for practice yesterday and the Manucil boys, who turned out strong, had the whole field at Handlan's Park to themselves. Washington's men will probably start In training again this afternoon for the start of th

but neonle, who followed the team before, the game with Penn, cannot help thinking that there is a lot left in the crimson, although it may be that Penn's style of play just suited Harvard, bence the big score against the Quakers. Certain it is that Yale made a much better showing against the Indians than any team ever did, as the blue piled up the largest score that has been made against the Indians in their six been made against the Indians in their six been made against the Indians in their six cover.

at fever heat. More Yale graduates and students have applied for tickets than can be accommodated at the final game of the season between Harvard and Yale, on the Yale field, November 24.

The Harvard management is in exactly the same predicament, and a conference was held here to-day by Hixon and a representative of Harvard. The Yale field stands will seat 17,690 spectators. Harvard has already proceived 8,890 tickets, but wants nearly half as many more.

A hurried consultation was held by Manager Hixon with Walter Camp, graduate adviser. Mr. Camp advised that the big stands be enlarged by the addition of several tiers of seats at the top. Contractors were asked to go to Yale field this evening to figure on the contracts. Hixon will receive the bids to-morrow and, if the finances of the football association seem to warrant the outlay, an addition will be made to the east side stand. The income from the additional admissions would prohably be sufficient to meet the expense of building.

Except in secret practice, the work on Yale field to-day was not of an encouraging the five princeton men to get a line on the bine style of play, and the authorities will he bigs style of play, and the authorities will he hive style of play, and the authorities will neadombtedly make the most of will neadom

Except in secret practice, the work on Yale field to-day was not of an encouraging mature. It was of the usual Monday stripe. Sharpe got into the game for ten minutes at haif and was twice ordered to try for field goals. But both trials were five varis beyond his limit, and he missed both goals by just that margin.

Hamlin was at left tackle in place of Bloomer. He was used repeatedly in "tackle back," but proved untrustworthy because of fumbling. Were he sure-handed he would displace Bloomer.

Bloomer and Stillman had a lively game of it at tackle. They are nearly a match, Stillman's longer experience helping him a little. Wear's fumbles cost the 'varsity the ball twice, and made McBride, head coach, furious.

furious.

The eleven will practice until Thursday, and will have signal practice Friday afternoon, leaving soon after for Princeton.

CHRISTIAN BROTHERS' TEAM SORE. Fast Work of Saturday Stiffened the Players Considerably.

Christian Brothers' College players were too stiff and sore yesterday to line up against the second team and were well sat-isiled that the High School eleven did not appear for the scheduled practice game, None of them is injured, but all are suffering from the effects of their fast work with St. Louis University Saturday. The work was only given for the purpose of loosening the men up and was of the routine orde All the regulars were out, but Longinatti was bumped pretty hard on the was bumped pretty hard on the head at the start and retired in favor of Blorden. The Brothers have no game scheduled for next Saturday, but will endeavor to bring the McKendree College team here, as the manager seems to think there is a mint of money in it for the team that plays the Lebanonites in St. Louis. Failing in this the college will probably arrange a practice game with the Barnes medicos, providing the latter are willing to go a little longer route than ten-minute halves.

YALE'S TEAM NEARLY SELECTED. All the Men Who Played Against the

Indians Did Well-Harvard Patent. Light work will be the policy at New Haven this week for the Yale football team. Head Coach McBride feared the Indian Head Coach McBride feared the Indian game as one which might wear down the Yale players and leave them out of form for their championship battles with Princeton and Harvard. His fears proved to be groundless, as the Yale men are said to be in better condition to-day than they have been at any time this fall. The only players on the hospital list are Hale, Sharpe and Hamilin, who were unable to play Saturday. All three will take up their work today, thoroughly rested, but all will be handled very cautiously. Hale is the only member of the trio, however, who is certain to go into the two remaining games.

Among the surprises of Saturday was the

Saturday next that any eleven of the craine and back has lined up against in recent years. The enthusiasts had been misled by the reports concerning the slowness of Yale's big men, and the thirty-five points rolled up by the blue was a surprise as complete as it was unpleasant.

It is certain now that Princeton's chances of winning are reduced to the minimum, unless something extraordinary occurs during the next lew days. Last year, however, the Tigers were able to score only one touchdown against Washington and Jefferson College on the Saturday before the big game, and the improvement during the last week was wonderful. But the conditions then were far more favorable than they are now, for the coaches had a line of big veterans to work upon. Secret practice will begin to-morrow and will probably continue until Saturday, with the exception of one day, when the undergraduates will be given a lost opportunity to size up their team.

Yale's game Saturday offered a good chance for Princeton men to get a line on the bine style of play, and the authorities will undoubtedly make the most of what it a time of the big style of play, and the authorities will undoubtedly make the most of what it are the big style of play, and the authorities will undoubtedly make the most of what it are the big style of play, and the authorities will undoubtedly make the most of what it are the big style of play, and the authorities will undoubtedly make the most of what it are the big style of play and the players is expected to-morrow to remain through the week. Wheeler, the old guard, Bergen, the half back, and Hiller brand, tackle, have already joined the coaching squad. Dana, who was injured in Saturday's practice, will be played to the match. It am ready to do business and have posted \$2.50 to bind any match with she make. The sallor the epidement of the match is a desire to match his protege in his desire to match his protege in against the Quakers. Certain it is that Yale made a much better showing against the Indians than any team ever did, as the blue piled up the largest score that has been made against the Indians in their six years on the gridfron.

INTEREST IN HARVARD—YALE GAME

Students Wiid With Enthusiasm and Scats Are to Be Increased.

REPUBLIC SPECIAL.

New Haven. Conn., Nov. 12.—Interest in the final football game of the season between the elevens of Harvard and Yale is at fever heat. More Yale graduates and students have applied for tickets than can be accommodated at the final game of the season between Harvard and Yale, on the Yale field, November 24.

The Harvard management is in exactly the same predicament, and a conference was held here to-day by Hixon and a representative of Harvard. The Yale field stands will seat 15,600 spectators. Harvard has already received 8,800 tickets, but wants nearly half as many more.

A hurried consultation was held by Manager Hixon with Walter Camp, graduate advice. Mr. Camp advised the restrict of the minimum unless something extraordinary occurs during less something extraordinary occurs during the heax twee days. Last year, however, the beat year able to score only one touch-down against Washington and Jefferson College on the Saturday before the big game, and the improvement during the last game, and the improvement during the last them was a was wonderful. But the coachings were able to score only one touch-down against Washington and Jefferson College on the Saturday before the big game, and the improvement during the last trace was wonderful. But the coachings were able to score only one touch-down against Washington and Jefferson College on the Saturday before the big game, and the improvement during the last trace was wonderful. But the coachings were able to score only one touch-down against Washington and Jefferson College on the Saturday before

the Yale eleven a hard game. According to the conches, Yale's attack is the strongest of any seen this senson and her defenre is invulnerable.

Heginning to-day the team will be given

Heginning to-day the team will be given very hard work. The conches will do their best to perfect the offensive work. McCord has fallen off very much in his playing and Skeffield is likely to be given the position of right tackle. In Saturday's practice It. McClave and Right Guard Dana were injured and added to the hespital list.

There was a lively practice game to-day between the 'varsity and "scrub" teams. Before the teams lined up Underhill gave a fine exhibition of drop kicking. On lining up, Monroe, the giant 'varsity center, appeared as right guard on the "scrub" team. He did great work against the Yale freshmen on Saturoay and successfully combated most of the guards who were played against him to-day. Gresham Poe, a brother of the famous Arthur Poe, was put in on the 'varsity end and gave a clever exhibition. He was incapacitated early in the season, but has completely recovered.

A large force of coaches assembled to-day

covered.

A large force of coaches assembled to-day and tremendous efforts are being made to get the team in shape for the battle with Yale on Saturday. The force to-day was composed of Trenchard, Wheeler, "Nat' Poe, John Baird, Alexander Mofat, David Baillet, Ayres, W. H. Bannard, William Edwards and Louis Palmer.

game with Yale. The whole team is in bad condition and the men showed a listlessness in their game Saturday that will have to be done away with if they want to give the Yale team a hard tussle. done away with if they want to give the Yale team a hard tussle.

Captain Daly's loss is the worst thing that could have happened just now. He had always been able to arouse the spirit and ambition of the team, and, although he may be able to get in shape for the Yale game, his absence is felt very badly. Daly manages to get around on crutches now, but it is hardly probable that he will be able to line up before next week.

Roberts, the 2'e-pound center, and Shea, a big guard, have been transferred to the freshman eleven, which will greatly strengthen that team for its coming game with the freshmen of Yale.

OLYMPIAN GAMES.

They Will Be Held in America in 1904.

REPLIBLIC SPECIAL.

New York, Nev. 12.—America is to have the Olympian games. The European Athleitic Association has just voted to hold the next quadrennial meeting, in 1904, in the United States.

Either New York or Chicago will be the meeting place of the world's athletes. The committee in charge is waiting to see which city offers the more inducements.

McKittrick was a dark horse, who surprised every one.

So The Republic figured it well, It figured Messrs, Adams and McKinnie in the semifinals, and when they came into the final it thought Mr. Adams had a shade, for two reasons. First, he does not have to "nerve" himself as Mr. McKinnie does, That is, he does not take such an enthralling interest in the game, and recks less of defeat or victory. He is careful and painstaking, but it bothers him less to lose than it does Mr. McKinnie and pleases him less to win.

Secondly Mr. Adams does not have to carry the handicap of a female gallery, as Mr.

Secondly Mr. Adams does not have to carry the handicap of a female gallery, as Mr. McKinnle does. It is not easy to play golf when 200 ladies follow you around the links with Joyous cries of, "Oh, isn't it lovely," when you make good, and a disappointed, "Oh, pshaw" when you don't make good. It is an awful thing to be addressing a bad lie "wi yer bressie," as Bob Simpson says, feeling that if you top some dear girl back in the crowd is liable to need ammonds under her nostrils. This is the handicap Mr. McKinie had got to pack on his back around the billy Field Clob links on Saturday last. Of the 200 ladies who followed the crowd not one pulled for Mr. Adams. He did not care. No one was going to cry if he duffed his mashie or eliced his drive, which was quite an advantage. if he duffed his mashle or slices his drive, which was quite an advantage.

There is no nicer fellow than Mr. McKinnie, lest it be Mr. Adams. Both are all wool and double width. It was Mr. McKinnie's hard luck to be born rich, big. good-looking and with a nightingale in his thorax. It was Mr. Adams's luck to be born wiry, passable, steel-thewed and with a voice like a sparrow.

The running will be on the north bunk of the Edition of Problem of Heating Compressed Air.

EDISON'S LATEST INVENTION.

Claims It Is Solution of Problem of Heating Compressed Air.

REPUBLIC SPECIAL.

New York, Nov. 12.—Thomas A Edison has just perfected a new device for heating compressed air so that the same time utilizes all the stored energy of coal, and obtains fully % per cent of this energy.

"My invention," said Edison to-day, "is a device for heating compressed air to that the losses in compression and utilizing as power are not only made up, but that it is possible to get power through air compression for less coal per horse-power than through the steam engine.

"No energy of the heat is lost, except that which passes through the engine and is utilized there as power. The economy will depend only on the temperature at which the cashe can be worked.

"The invention has already been applied to stand the strain of the tug which as a style that the view of the problem of heating the problem of heating the problem of heating the problem of the problem of heating the problem of

PROFESSIONALS HAVE A FOURSOME.

Mackrell, Simpson and Norman Play Golf at Log Cabin Links.

There was quite a two-ball foursome played at the Log Cabin links between Professionals Mackrell and Norman on the one side and Professional Simpson and one of his papils, an amateur ranned Earld, vesterday afternoon. After eighteen holes of hard golf and begie scoring it was declared a halved match. In order to decide a bet of the supper, eight extra holes were played, and Simpson and Earld won, one up, on the twenty-six holes.

Simpson was not on his game with his wooden clubs, while Norman, through lack of practice and hard work in the shop, was away off. Mackrell was playing pretty good golf right along.

The match of which eighteen holes were played yesterday is one of seventy-two holes, the remaining fifty-four of which will be devided between the Field Club, the Country Club and the Fair Grounds, eight.

served to Raught in the window. On Wednesday night, upon finishing his last day as a clothing store "dummy," Raught will pay for a dinner for Albert and six of his Republican friends.

REFUSED TO SIGN THE SCALE.

Seven Thousand Indiana Miners Will Be Idle To-Day.

Terre Haute, Ind., Nov. 12.—More than 200 hoisting engines and 7,000 miners in the State will be idle to-morrow as a result of the failure of the Indiana block and bituminous coal operators to sign the scale presented to them to-day by the engineers. A conference was held in this city to-day, at which the leading operators of the State were present, and also the executive officers of the National Brotherhood of Hoisting Engineers. The scale submitted is the one now paid in Illinois by the operators of that State. The operators are not willing to pay the present scale in Indiana until the convention of the United Mine Workers of America at Indianapolis in January, at which time the question of paying the at which time the question of paying the lillnois scale to Indiana miners is to be

As the operators at to-night's conference amounced their intention of refusing to sign the scale until the matter could be decided at the Indianapolis convention, Secretary Jenkins and Chief Taylor of the Holsting Engineers' Brotherhood wired the officials of the different miner district decided as officials of the different mining districts de-claring a strike. The adoption of the Illinois scale in In-diana would mean an advance of at least

Declared by Supreme Court to Be Not Competent.

Adolph Kodat, who was convicted by the St. Louis Circuit Court of assault with in-tent to kill Mrs. Josephine Kretsch, was returned to the St. Louis jail yesterday

returned to the St. Louis jail yesterday from the Jefferson City Penitentiary, where he had served nine months of his two years' sentence.

Kedat was granted a new trial yesterday by Chief Justice Gantt of Wision No. 2 of the Supreme Court, in an important ruling on the competency of a divorced woman to appear in court and testify against the man from whom she had been divorced. The defendant was convicted of the assault on Mrs. Kretsch on the testimony of his divorced wife. The Supreme Court holds that a divorced woman is not a competent witness against her husband in a case that originated while the marriage contract existed, and consequently reversed and reisted, and consequently reversed and re-manded the case,

AMERICANS CLAIM INDEMNITY.

Say Their Property and Business Were Destroyed by Boer War.

Washington, Nov. 12 .- A number of persons claiming to be American citizens have submitted to the State Department claims against the Boers for the destruction of their properties and injuries to their business in the late South African Republic and No decisions have been arrived at as to what disposition shall be made of these cases.

About one-sixth of our people die of consumption, in spite of Scott's emulsion of cod-liver oil; but care is required as well; and prompt attention.

is good for us! We'll send you a little to try if you like.

How slow we are to do what
